take the pain out of presentations terrified of speaking in front of a group or simply looking to polish your skills no matter where you are on the spectrum this guide will give you the confidence and the tools you need to get results written by presentation expert nancy duarte the hbr guide to persuasive presentations will help you win over tough crowds organize a coherent narrative create powerful messages and visuals connect with and engage your audience show people why your ideas matter to them strike the right tone in any situation

reveals the underlying story form of all great presentations that will not only create impact but will move people to action presentations are meant to inform inspire and persuade audiences so why then do so many audiences leave feeling like they ve wasted their time all too often presentations don t resonate with the audience and move them to transformative action just as the author s first book helped presenters become visual communicators resonate helps you make a strong connection with your audience and lead them to purposeful action the author s approach is simple building a presentation today is a bit like writing a documentary using this approach you ll convey your content with passion persuasion and impact author has a proven track record including having created the slides in al gore s oscar winning inconvenient truth focuses on content development methodologies that are not only fundamental but will move people to action upends the usual paradigm by making the audience the hero and the presenter the mentor shows how to use story techniques of conflict and resolution presentations don t have to be boring ordeals you can make them fun exciting and full of meaning leave your audiences energized and ready to take action with resonate

presentation patterns is the first book on presentations that categorizes and organizes the building blocks or patterns that you'll need to communicate effectively using presentation tools like keynote and powerpoint patterns are like the lower level steps found inside recipes they are the techniques you must master to be considered a master chef or master presenter you can use the patterns in this book to construct your own recipes for different contexts such as business meetings technical demonstrations scientific expositions and keynotes just to name a few although there are no such things as antirecipes this book shows you lots of antipatterns things you should avoid doing in presentations modern presentation tools often encourage ineffective presentation techniques but this book shows you how to avoid them each pattern is introduced with a memorable name a definition and a brief explanation of motivation readers learn where the pattern applies the consequences of applying it and how to apply it the authors also identify critical antipatterns clichés fallacies and design mistakes that cause presentations to disappoint these problems are easy to avoid once you know how presentation patterns will help you plan what you'll say who you'll say it to how long you'll talk and where you'll present perfectly calibrate your presentation to your audience use the storyteller's narrative arc to full advantage strengthen your credibility and avoid mistakes that hurt it hone your message before you ever touch presentation software incorporate visuals that support your message instead of hindering it create highly effective infodecks that work when you're not able to deliver a talk in person construct slides that really communicate and avoid ant fonts floodmarks alienating artifacts and other errors master 13 powerful techniques for delivering your presentation with power authority and clarity whether you use this book as a handy reference or read it from start to finish it will be a revelation an entirely new language for systematically planning creating and delivering more powerful presentations you'll quickly find it indispensable no matter what you're presenting who your audiences are or what message you're

driving home
