A concise review of pharmacy law, ideal for coursework and MPJE exam prep, this accessible real-world guide gets you ready for the practice of pharmacy while giving you the proper training to be compliant with the law. To that end, the book expertly covers relevant laws, rules, and regulations and highlights the distinctions between state and federal law where appropriate. In no other reference can you find such a succinct yet thorough review of the full range of federal pharmacy laws, including the Controlled Substances Act, the Food, Drug, and Cosmetics Act, the New Dietary Supplement Health Education Act, the FDA Modernization Act, and the Medicare Modernization Act. Features include an opening chapter on drug regulation and standards, providing you with a practical legal framework for subsequent chapter material; an overview of the drug approval process and federal reporting programs; a chapter on internet sales and FDA authority to act; coverage of opioid addiction treatment and narcotic treatment programs; a comprehensive set of 450 MPJE r-format practice questions and answers; a CD-ROM that reprises the practice questions to provide a board-simulating interface.

In most states, anyone wishing to obtain a license to practice pharmacy must take a state-specific test on pharmacy law called the Multistate Pharmacy Jurisprudence Examination (MPJE). This exam is a combination of federal pharmacy law and state-specific laws. While some states have their laws, rules, and regulations in an easy-to-access area, there is no centralized area for all the content on the MPJE exam. In Alabama, furthermore, student pharmacists are typically only taught state-specific laws, rules, and regulations for the state in which their school resides. If a person graduates from a school in a different state, they must compile all the information for the MPJE themselves, which can be cumbersome and time-consuming. This book seeks to bridge this gap by including all the information needed to prepare for the MPJE for the state of Alabama, authored by pharmacists who are actively practicing and teaching within the state.
